

hello

I can offer you quality photographs that capture expression, emotion and detail. While artistic direction and formal 'poses' are suggested; my style is unobtrusive and I'm always on the look-out for those candid moments.

I've been photographing weddings & professional portraiture for over 8 years - after studying in Perth, Australia.

While many photographers offer proof photos in their 'raw' format; mine are all fully edited... so you're viewing and receiving the highest quality of work.

Having fully embraced digital photography - the options you have for albums... are endless and I'm more than happy to discuss your personal photo requests.
